

Description / name of special machine

Hydraulic units

Function / job

Drives hydraulic systems for various tasks.

Special features

Integrated valves, rated for long runtimes. Robust design

Technical data

Voltage	12, 24 V DC bis 400 V AC
Pressure range	from 30 to 350 bar
Tank volume	from 2 to 500 l
Swept volume	from 1 to 150 l/min

Customer

Hebel Emmering / Stulln GmbH
Hebel Wittenborn

Realization period / year

since 1997

Ident No.
300 0 082 DB

Month / year
98
