

Description / name of special machine

BZGF8-Silent hydraulic unit

Function / job

Supplies external consumers, hydraulic pressure is 250 bar and above.

Special features

Silent – version with trolley. Work lights with telescopic mast. Autonomous operation by means of Diesel engine. Lift drive of telescopic mast via air hand pump.

Technical data

Dimensions (set)	1100x1480x2600mm (WxHxL)
Max. sound power level	below 101dB
Hydraulic pressure	>250 bar
Hydraulic oil flow rate	60 l/ min.
Total weight	1050 kg

Customer

Liebherr Werk Ehingen

Realization period / year

From October 2007

Ident No.
5036677

Month / year
02/ 2008
