

**Description / Name of special machine**

Lifting gear for ring-shaped loads

Function / Job

Same-orientation picking and placing of goods.

Special features

12 individual latches take up the load in a form-fitting grip by folding under the take-up pins of the goods to be transported. The take-up latches are mounted on a carrying ring (12x30°). The ring is equipped with 3 transport eyes from which the lifting gear can be suspended in a 3-strand gear.

Technical data

Load-carrying capacity max.	1000 kg
Take-up diameter	1360 mm
Inside dia. of carrying ring	1371 mm

Customer

Plansee GmbH

Realization period/year

from December 2011

Ident No.
504 4 465
