

Description / Name of special machine

Star-shaped spreader with 6 arms

Function / Job

Same-orientation picking and placing of symmetrical goods.

Special features

Six oval rings take up the load. The oval rings hang from arms arranged at 6x60° angles on a 400mm radius. The spreader is suspended from the crane by means of a welded-on eye in the center of the spreader. The eye is suitable for a single hook.

Technical data

Load-carrying capacity	6000 kg
Construction height from oval ring to suspension	600 mm
Work diameter of stop pins	900 mm
Outer dimension	940 mm

Customer

Plansee GmbH

Realization period/year

from December 2011
