

**Description / name of special machine**

M215 Excavator, built onto U300

**Function / job**

Excavator for quick deployment, for companies in the energy sector  
pipeline construction and municipalities

**Special features**

Powerful mobile excavator for quick deployment

**Technical data**

Work range	reach 6.5 m, digging depth 3.8 m
Digging forces	stick crowd force 2000 daN, bucket curling force 4000 daN
Power requirement	approx. 45 kW
Weight of superstructure	approx. 2800 kp

**Customer**

DaimlerChrysler

**Realization period / year**

03/2001

Ident No.

Bagger10.doc

Month / year

03/01
